## DESIGN

TERKEL SKOU STEFFESEN

EASE DINING TABLE,  
2016

**EASE DINING TABLE** is relaxed coolness firmly planted on four legs in a naivist idiom that combines the cabinetmaker's sense of wood with a technological industrial aesthetic. The oversized legs and sturdy tabletop manifest the twenty-first century in a young expression that contrasts the use of a natural material such as wood. That is one of the key points of the design: that simplicity can appear complex and generous in all its natural ornamentation.

The graphic stringency in the circular tabletop and the flat but rounded disposition of the legs reflect the designer's profound grasp of rich, yet understated detailing.

Another key point is that Ease Dining Table will take on even more details from lived life and use, as it wears and patinates over time.
