LIBERTINE RACK,
2016

LIBERTINE RACK was the first product to be developed for the **MILLION** collection to meet the need for efficient solutions to organise small spaces. **Libertine Rack** is a no-nonsense design with industrial roots and a Scandinavian tone. With its slender and stable construction that rests on the floor and leans against the wall, **Libertine Rack** is a minimal and functional solution on three planes.

The powder-coated frame, which is available in three colours, is combined with a round ash pole that makes a pleasant sound when you put a coat hanger on it.

Libertine Rack is also available in a chromed version with references to the Bauhaus period and its focus on cantilevered chairs in tubular steel.
