VOYAGE PENDANTS,

VOYAGE PENDANTS. The collection was inspired by historical French industrial lamps and a boyish excitement with space travel. Material and aesthetic are fully aligned here, as Voyage is made of hand-milled aluminium, although the lamps take on a ceramic look due to the matte silk sheen of the industrial lacquer surface and the way the edges are bent in towards the light source.

The Voyage Pendants collection includes three series, each featuring three variants based on the same geometric form but varying in size. With nine different lamps and two types of suspensions, in either metal or wood, the elements can be combined across the series to add diversity without compromising the consistent expression of industrial modernity.
